Depending upon what version of Adobe Acrobat PDF viewer you have on your system:

The CTRL key and the F key pressed at the same time will bring up a Search dialogue function top right of your screen. Enter the word you wish to find then press ENTER and the next instance will be highlighted. Keep pressing ENTER to jump to further instances of the word.

At the top right are three full stops, one above each other. Click on these and a drop down menu will allow you to select two pages side by side.
